Affordable Family Values & Quality Vacation Time

Family vacations are an important link to your children. It is important that those vacations be filled with special moments, moments that become memories, memories which can be reflected upon fondly for years to come. A vacation in Old Orchard Beach can provide those memories for every family member. Seven miles of sandy beach, giant amusement and waterparks, an historic ocean Pier, numerous restaurants, fine accommodations and night clubs for adults all add up to fun for all ages. Old Orchard Beach is teeming with events including free evening concerts in the Park and fireworks every Thursday evening in season. The Beach truly offers something special for every age, taste and budget.

And these days affordability and value are more important than ever! Here are just a few examples of the exceptional values families will find in Old Orchard Beach: A family can rent a two room suite at one of our lodging properties with a pool, located just 75 feet from the beach, for as little as \$680 for a week during peak July and August. Or stay directly on the Beach in an oceanfront room for as little as \$770 for 7 nights. Rent a two-bedroom oceanfront cottage just steps from the Beach for only \$1,350 per week. Rent a two-room suite in an oceanfront Inn peak season for as little as \$1085 for the week including breakfast.

During the months of May, June, September and October, most of these rooms can be purchased for 30 - 50% less than peak season rates quoted above. During these quieter times, a family of four can rent a beachfront two-bedroom Penthouse for just \$850 or a 2 room unit 25 yards from the beach for just \$430 for the entire week! At these prices, you can't afford not to spend quality time at The Beach with your family.

YEAR ROUND FUN – Over 37 of the lodging accommodations in Old Orchard Beach are now open for year round fun.
